EXPLANATION OF VETO

KI-CY-2025-030 – Sponsorship Act

Once again, the Legislature exceeds its constitutional authority on this Act. Once a budget is approved, which to date, last year's budget has not and next years budget is due shortly, The Legislature has no authority to administrate budget funds. There is no issue with the organization list contained in the resolution, However, for those organizations or programs that may be entitled to sponsorship funds not expended by the list, or surplus budget funds approved by the Legislature qualifying under the program, the Legislature does not have the authority to administrate or the Constitutional authority to review each additional deserving Kiowa tribal sponsorship that is granted and within the budget as determined by the Executive Branch. The Executive branch is not required to secure additional Legislative approval with their approved budget funds provided such expenditures fall within the budget and the sponsorship laws' intent.
